Cookies Policy

ABOUT OUR USE OF COOKIES

This website (dembiotech.it) uses Cookies in order to provide you with a better user experience. By using this website, a small amount of data, which often includes a uniqu identifier that is sent to your computer or mobile device (referred to here as a "device") browser from a website's server and is stored on your device's hard drive.

Cookies are divided into various categories and perform different functions, some for more effective use of the Site, other to enable certain functionalities.

In our specific case, the cookies used can:

- Store preferences entered.
- Avoid re-entering the same information several times during the visit such as user name, email and password.
- Analyze the use of the services and contents provided by the site to optimize and improve the browsing experience and services offered.

TYPES OF COOKIES USED BY dembiotech.it

Following the various types of cookies used by dembiotech.it depending on the intended use:

Technical Cookies

This type of browser cookies allows **the proper operation of certain sections of the site.**
They are of two categories, persistent and session:

Persistent: once closed the browser cookies are not destroyed, but remain up to a preset expiration date

Session: they are destroyed every time the browser is closed. These cookies, always sent from our domain, are required to view the site and in relation to technical services offered. They will be always used and then sent, unless the user does not change the settings in your browser (thus affecting the display of site pages).

we use also:

_icl_current_language – – session cookie

cookie_notice_accepted – persistent cookie used to store the acceptance to the use of cookie

Analytics Cookies

The cookies of this category are used to **collect information about how visitors use the website**. Dembiotech.it will use this information in respect of anonymous statistical analysis to improve the use of the Site and to make the content more interesting and relevant to of users.

This type of cookie collects anonymous data on the activity of users and as it came on the Site. The analytical cookies are sent from the same site or from third-party domains.

Google analytics – Data Protection

Google analytics

You can selectively disable the action of installing Google Analytics on your browser component of the opt -out provided by Google. To disable the collection of data from Google Analytics, please refer to the link above.

Cookies used by G. analytics sites

Analysis cookies of third-party services

These cookies are used to collect information on the use of the Site by users in anonymous form such as page views, time spent, traffic sources, geographic origin, age, gender and interests for the purposes of marketing campaigns. These cookies are sent from third-party domains external to the Site.

Cookies to integrate products and functions of third-party software

This type of cookie incorporates features developed by third parties within the pages of the Site as icons and preferences expressed in social networks in order to share the contents of the site or for the use of third-party software services (such as software that generate maps and additional software that offer additional services). These cookies are sent from third-party domains and partner sites that offer their functionality in the website pages.

Cookie profiling

Those cookies are needed to create user profiles in order to send advertising messages in line with the preferences expressed by the user within the website pages. Dembiotech.it, according to current legislation , it is not required to seek consent for cookies and technical analytics , as necessary to provide the required services .

For all other types of cookies, the user can express their consent with one or more of the following modes:

By specific configurations of the browser or its programs used to navigate pages that make up the website.
By changing settings in the use of third-party services.
Both of these solutions might prevent the user from using or view parts of the Website.
Furthermore, the user you can access the features available in the informative short block:

Web sites and third-party services

The Site may contain links to other Websites that have their own privacy policy which can be different from the one adopted by dembiotech.it and therefore not responsible for these sites .
